

Track time management and HR payroll software are computer programs designed to manage and automate the processes of tracking employee work hours, calculating payroll, and handling HR-related tasks.

## **About Track Time & HR Payroll**

Welcome to our Track Time Management and HR Payroll Software. Our platform is designed to streamline the process of managing employee time and payroll. With features like time tracking, leave management, and payroll processing, our software makes it easier for HR managers and business owners to focus on running their businesses.

### **Why Choose Track Time & HR Payroll by Adiyogi Technosoft (Application Features)**

- **Track Attendance:** Monitor employee attendance in real-time by clocking in and out.
- **Track Leave:** Manage employee leave requests and keep track of approved time off.
- **Early Checkout:** Monitor early checkouts to ensure accurate time tracking.
- **View Expenses:** Keep track of employee expenses such as business travel and meal costs.
- **Break Time:** Monitor employee break times and ensure compliance with company policies.
- **Track Working Hours:** Accurately track employee working hours for payroll processing.
- **In-app Call:** Facilitate communication between team members with in-app calling functionality.
- **Chat:** Enable real-time communication between team members for efficient collaboration.
- **Payroll Processing:** Automate the calculation of employee pay based on time worked.

## **Uses of Track Time & HR Payroll:**

- Tracking employee attendance and work hours.
- Calculating and paying employee salaries based on worked hours and pay rates.
- Managing employee benefits, such as health insurance, paid time off, and taxes.
- Generating and reporting on payroll data, such as tax forms, pay stubs, and financial reports.

## **Benefits of Track Time & HR Payroll:**

- Streamlines and automates time-consuming and error-prone manual processes.
- Provides accurate and consistent tracking of employee hours and payment information.
- Improves visibility into payroll data, helping organizations make better-informed decisions.
- Saves time and resources by reducing manual data entry and reducing the risk of errors and compliance issues.

Track Time Management and HR Payroll Software will simplify the HR and payroll process for your business. Try it today and experience the benefits of a more efficient and streamlined HR and payroll process.
